

Rainheads

Roofing & Sheetmetal Centre supplies custom made rainheads manufactured in a range of materials including Colorbond®, Zinalume®, stainless steel, galvanised steel, and copper.

Our standard rainheads come in the following shapes and are made to your specified dimensions.

- ▶ Square
- ▶ Half round
- ▶ Rectangle
- ▶ Tapered square

For more specialised shapes, we can make to specification or help you come up with a design to suit your needs.

Skilled tradesmen

Our highly skilled tradesmen have years of experience and will go the extra mile to ensure you get the high quality products our customers expect from us.

Quality guaranteed

Using only trusted brands and an experienced team, we stand by the quality of our products. We won't send it to you if we're not happy with it, and we guarantee our work.

To order a rainhead, or talk to us about a custom design, get in touch.
